Moez Bouhlel

Sfax, Tunisia
(+216) 23274587
bmoez.j@gmail.com
http://lejenome.github.io/

First step to programming since 14 years old with HTML then Java.

Powerful Shell user with Zsh as my main shell, and Arch Linux as my desktop.

Prefer to use server-less HTML5 for lightweight front-end programming, python/bash for scripting and C/C++ for everything else.

I like to focus on enterprise/developer oriented back-end development and sysadmin.

FOSS contributor who prefer to write patches rather then reporting bugs.

Technical Skills

Likes: python, c, shell, javascript, docker, kvm, git, llvm

Dislikes: .net, php

Education

Bachelor of Computer Science – Faculty of Sciences of Sfax   *2014*
computer-science, software-engineering

Technical Leader of FSS Microsoft Tech Club, with mission of moving an almost dead closed minded club to more open development club not limited to MS technologies and products.

Baccalaureate in Technology Science – Hadi Chacker School   *2009 – 2013*
